CAREER OBJECTIVE

To secure a position in a reputable organization that offers opportunities for professional development, where I can apply and enhance my skills to contribute to dynamic projects, collaborate with a talented team, and continue growing professionally in a stimulating environment. I have 2 months of internship experience.

TECHNICAL SKILL

- **Backend:** Java, Node JS
- **Frontend:** HTML5, CSS3, JavaScript, React JS
- **Database:** MongoDB, MySQL
- **Tools:** GitHub, Browser Developer Tools, VS Code

PROFESSIONAL SUMMARY

- Detail-oriented Full-Stack Developer with a solid foundation in Core Java and JavaScript, including expertise in Data Structures and Algorithms. Proficient in building and maintaining web applications using Node.js and Express.js for backend development.
- Experienced in creating responsive and dynamic user interfaces with HTML5, CSS3, React.js, Bootstrap 5, and jQuery. Skilled in database management with MongoDB and MySQL.
- Adept at using tools like Git, GitHub, Browser Developer Tools, and VS Code to optimize and debug applications.
- Strong collaborative skills and a proven track record of delivering high-quality projects within deadlines.
- Strong problem-solving skills, attention to detail, and a proven ability to work effectively in a team environment.

EXPERIENCE

Bluestock Fintech

SDE – Frontend Developer

Aug 2024 – Sep 2024

2 months - Remote

Related work: I completed a **Software Development Engineering internship** as a **Frontend Developer**, where I contributed to the development of a **web-based platform** and a **RESTful API** to facilitate **IPO (Initial Public Offering) investments** for users. Over the course of two months, I worked on various features, including **user registration**, **authentication**, **portfolio management**, and the **IPO application process**. Additionally, I helped implement **real-time market data visualization** to enhance the user experience and provide up-to-date market information.

NEZUWARE

Frontend Developer Intern

1st Sep 2024 – 30th Sep 2024

1 month – Remote

Related work: I successfully completed my Frontend Developer Internship at Nezuware from 1st September 2024 to 30th September 2024. During this period, I worked on various projects such as a To-do List, Calculator, and Landing Page, utilizing HTML, CSS, JavaScript and React.js. Additionally, I participated in a DSA Quiz program to further enhance my skills.

EDUCATION

- **Mother Theresa Institute of Engineering and Technology, Palamaneru Chittoor district, AP**
MCA in Computer Applications

Dec 2021 - Aug 2023
CGPA: 7.6/10

PROJECTS

- **E-Commerce Platform Development**
Developed a comprehensive e-commerce platform featuring user authentication, product management, shopping cart, and order processing functionalities. Implemented both frontend and backend to deliver a seamless shopping experience.
Technology: HTML, CSS, React JS, Node JS, MongoDB, VS Code,
- **ONLINE VIDEO TUTORIAL LIBRARY**
Designed a YouTube-like video library application allowing admins to upload, modify, and delete videos. Users can watch videos after registering and logging in.
Technologies: HTML, CSS, JavaScript, MongoDB, Node JS, React JS.

CERTIFICATES

- UI Full Stack Web Development with React Certificate / Core Java Certificate
- DSA Quiz Certificate / Internship Certificates
- National Seminar Conference [An approach for Object Detection using Thermal and Visible Images for Night vision Surveillance]

PERSONAL SKILLS

- Strong problem-solving abilities, dedication to achieving goals and Positive attitude in all situations.
- Excellent team player, quick learner, self-starter, good planning and monitoring skills.
